

PAYMENT AUTHORITY MATRIX POLICY

1. Purpose

This policy establishes a structured framework for authorization and processing of payments to ensure:

- Strong internal controls and fraud prevention
- Clear accountability and segregation of duties
- Compliance with applicable Indian laws and audit requirements
- Efficient execution of trade-related payments

2. Scope

This policy applies to all payment transactions undertaken by the Company, including:

- Trade payments (domestic and international)
- Non-trade payments (operational expenses)
- Capital expenditure
- Exceptional and related party transactions

3. Governance Framework

3.1 Roles and Responsibilities

- **Maker:** Initiates and prepares payment in system
- **Checker:** Verifies documentation and accuracy
- **Approver(s):** Provides financial authorization as per authority matrix (does NOT execute payment in bank portal)
- **Treasury Team:** Responsible for execution of payments on bank portal post approval, ensuring compliance with approved instructions

3.2 Segregation of Duties

No individual shall perform more than one of the following roles for the same transaction:

- Initiation (Maker)
- Verification (Checker)
- Approval (Approver)
- Bank execution (Treasury)

4. Payment Categories

Trade Payments	Non-Trade Payments	Capital Expenditure	Exceptional Payments
Supplier payments	Administrative expenses	Asset purchases	Related party transactions
Advance payments	Salaries	Infrastructure investments	Legal settlements

Import payments (LC/BG)	Professional fees		One-time high-value payments
Margin payments for derivatives (exchange / broker margin calls)	Utilities and rent		
Payments to trade finance banks (margin top-ups, collateral funding, LC margining)
